EPCOT CENTER THE DREAM BECOMES REALITY

Within the realms of Epcot Center, a family vacation becomes a series of adventures unparalleled in concept and form. Epcot Center represents the ultimate in Disney-"Imagineered" entertainment — an entertainment experience dedicated to mankind's most precious resource: Imagination.

Located on 600 acres of Walt Disney World property approximately two and a half miles from the Magic Kingdom, Epcot Center encompasses two distinct dimensions: Future World and World Showcase. Together they form a vast new showplace created to satisfy the imaginative appetites of the tens of millions of people of all ages destined to become "Epcot travelers."

FUTURE WORLD

Standing 180 feet above the entrance, Epcot Center's colossal geosphere is your entrance to Future World. It is the largest structure of its kind anywhere — a dazzling statement to the extraordinary wonders that await you. Wonders in energy. In communications. In transportation. In the limitless potential of the seas ... the land ... and most of all, in the limitless potential of human imagination to chart the course for this our Spaceship Earth.

Spaceship Earth

Within the vast interior of the Epcot Center geosphere you'll board Spaceship Earth, presented by AT&T, for a spiraling time journey through the history of communications. From the first images painted on cave walls to computers whose electronic pathways take you to the very edge of space, you'll see how communications has assured our survival through the ages.

Universe of Energy

Using the most complex film systems ever developed and a multitude of dazzling special effects, the Universe of Energy, presented by Exxon, will take you from the great geological upheavals that enfolded fossil fuels deep within the Earth, up to the present, and on to examine the energy forces of the future.

World of Motion

Three shows in one, World of Motion, presented by General Motors, takes you on a zany ride through milestones in transportation history. Another adventure awaits you in CenterCore, where you'll be dazzled by a six-story kaleidoscopic view of a futuristic landscape. And finally, you'll visit the General Motors Transcenter, presenting an exciting look at GM's advanced concepts for the present and future of transportation.

Journey Into Imagination

Almost castlelike in grandeur, Journey Into Imagination, presented by Kodak, is the fantasy land of Future World. From the Dreamport, you'll follow Dreamfinder and his delightful sidekick, Figment, into the wondrous worlds of art, literature, science and technology. In Image Works, you'll try your own hand at creative experiments. From there, you'll enter the Magic Journeys Theater for what is perhaps the most captivating three-dimensional motion picture ever produced.

The Land

In the six-acre Land pavilion, presented by Kraft, you'll explore Nature in both her wildest and most cultivated states. You'll see actual experiments in futuristic farming. You'll feast in the rotating Good Turn Restaurant. Plus, you'll enjoy the Kitchen Kabaret's zany cast of incredible edibles as it serves up some of the most palatable entertainment this side of the refrigerator.

CommuniCore

Technology and people come together and make friends in CommuniCore, the Community Core of Future World. In an inviting cluster of buildings that welcome your participation, you'll converse with computers, cast your opinion on current issues, select and preview travel plans via videodisc and have your own "hands-on" experience with the 21st century.

Epcot Computer Central

One of the many exhibits in CommuniCore, Epcot Computer Central, presented by Sperry, gives you an up-close and entertaining look at the computer technology that helps run Walt Disney World and puts more than a thousand Audio-Animatronics performers through their paces.

Horizons

Horizons, presented by General Electric, looks at four exciting lifestyles from the 21st century . . . and lets you choose one to try out yourself! You can also take a look at today's world as its never been seen before when you wind through the Omnisphere, presenting — among other sights — eight-story images of crystal formations, DNA molecules unfolding, and a fiery space shuttle blast-off.

The Living Seas (Opening 1986)

Sponsored by United Technologies Corp., The Living Seas will provide fascinating views of a challenging frontier. You'll witness fish and marine life on the largest coral reef in the world, watch experiments conducted by marine scientists . . . and experience the sensation of deep ocean descent! Then, at the underwater "Sea Base," you'll interact with exhibits focusing on the wonders of the ocean.

WORLD SHOWCASE

It would take a lifetime of vacations to explore the diverse countries of the world, discovering within each its own special ambience, charm and mystique. For most people, such adventure lives only in a dream. For travelers to Epcot Center's World Showcase, it is a dream come true.

Here, amidst nations standing in friendship beside a broad lagoon, you will live in one day what only weeks of world travel could surpass. You'll explore shops filled with unusual foreign goods. Dine in restaurants filled with the aromas of authentic foreign foods. And meet the young people of foreign lands, working together in a true family of man.

American Adventure

In the American Adventure, presented by American Express and Coca-Cola, you'll join Ben Franklin and Mark Twain for a soaring historical overview of America and her promising future. Perhaps the most breathtaking show ever presented about this "nation of many nations," the American Adventure is a theatrical production unparalleled in Disney annals — combining large-screen projection, inspiring music and special effects with performances by the most lifelike Audio-Animatronics figures ever developed.

Canada

From a northwest Indian village to a 19th-century French chateau and the winding, narrow streets of Quebec City, the remarkable diversity of Canadian cultures and the awesome majesty of the wilderness are captured in the Canada pavilion. As a special highlight, Circle-Vision 360 presents, on screens ranged around a circular theater, "O Canada!" an exhilarating motion picture which puts you in the center of Canada's most exciting scenery.

4. Toy, porcelain and book shops surround the Platz in Germany.

6. The crowd-pleasers of the United Kingdom are the Pearly Kings and Queens.

7. Some of World Showcase's most popular entertainers, the Mariachi Players keep things lively in Mexico.
8. The Hotel du Canada is the welcoming landmark for majestic Canada.
9. A re-creation of the world-famous campanile of St. Mark's Square towers 100 feet above the Italy showcase.

Mexico

Beyond the tall Mayan pyramid of the Mexico pavilion, you'll enter a lakeside pueblo village complete with shops, a cantina and a rumbling volcano. Among the many other delights is a dining adventure at the San Angel Inn, whose Mexico City counterpart enjoys world renown for excellent cuisine. Nearby, you'll embark on a boat ride through Mexico's colorful past as told through the festival and dance of its great civilizations.

Japan

The elegance of old Japan is reborn in World Showcase. Formal bonsai gardens carved with paths, a meandering steam and waterfall surround an exquisite five-story pagoda. In the Grand Shishinden Hall, which houses a department store and restaurant by the internationally-celebrated Mitsukoshi, you'll watch Japanese master chefs perform culinary magic in spellbinding tableside presentations.

China

Beyond the ceremonial gate and spacious courtyard stands Disney's exquisite re-creation of the Beijing Temple of Heaven, centerpiece of the China pavilion. Inside, motion picture screens completely surround you in a Circle-Vision 360 presentation of China's dramatic landscapes, including the Great Wall, the Forbidden City and Summer Palace — sights that until now lay hidden from Western eyes.

United Kingdom

Green lawns, gabled rooftops, biscuit and china shops along cobblestone streets and a charming waterside pub provide a typically "British" setting for the United Kingdom pavilion. You'll meet the Pearly Kings and Queens and strolling troubadours. From Tudor, Georgian and Victorian styles, English history comes to life in this kingdom-in-miniature.

France

Only in Epcot Center's France pavilion will the Pont des Arts and the Marketplace des Halles grace a Parisian landscape. These two venerable landmarks have long since vanished from the French capital. At Epcot Center they are part of the flavor and romance of Paris during "La Belle Epoque." Here, you'll also enjoy the classic cuisine of three internationally famous French chefs and a cinematic journey to France's most famous locales.

Germany

Where else could you celebrate Oktoberfest every day of every month? Amidst picturesque shops filled with porcelain dolls, cuckoo clocks and hand-carved music boxes, Germany's Biergarten in World Showcase will keep Oktoberfest in full swing with beer in litre-high steins and an oompah band playing festive German music.

Italy

A Venetian canal takes you to St. Mark's Square at the Italy pavilion. Handcrafted leather goods, pottery and glass figurines fill the shops. In a richly detailed facsimile of the world-famous Doges Palace, you'll find a treasure-trove of fine art, jewelry and crystal, plus a splendid Italian restaurant operated by Alfredo's The Original of Rome.

Morocco (Opening Fall 1984)

The richness of this colorful culture comes to life amidst detailed re-creations of such fascinating landmarks as the Bells of Medersa in Fez and the Koutoubia Tower of Marrakech. Native artisans will ply their age-old crafts to fashion cultural treasures in shops lining narrow, winding streets. Nearby, an elegant restaurant will offer exotic cuisine and entertainment enhanced by Moroccan hospitality.

A KINGDOM OF MAGIC

Childhood's fantasies come true for visitors of all ages in an extraordinary place known as the Magic Kingdom. Within its bounds are six themed lands, more than 40 attractions and over 70 restaurants and shops that fill days on end with adventure.

The Magic Kingdom is open daily, and holidays and summers almost always mean the park will be open long into the night and will have extra-special entertainment.

A floral portrait of Mickey Mouse smiles a welcome at the Magic Kingdom entrance, as you begin a fantastic journey through once upon a time.

Main Street, U.S.A.

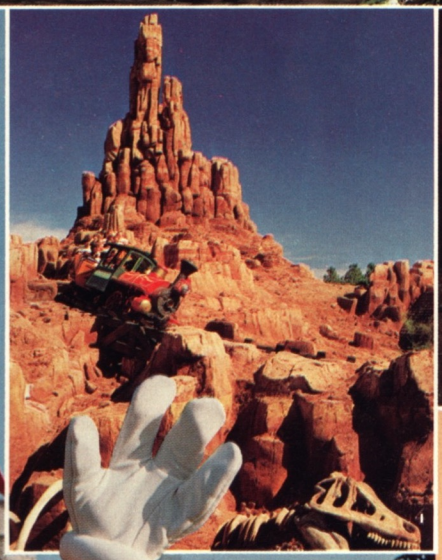
Walk through the Magic Kingdom entrance and you're on Main Street, U.S.A., the first of the six lands that make up the Magic Kingdom. It is the essence of hometown America at the turn of the last century — the crossroads of an era when the gas lamp was giving way to the electric light and the sputtering horseless carriage was challenging Old Dobbin for the streetcar right-of-way.

Browse in the Emporium and Market House, watch artisans at work in the glassware shop and silhouette studio, dine in the elegant Crystal Palace, or relive the days of silent films and penny arcades. Each afternoon a band concert is performed in the central park of Town Square. And at least once a day marching bands, merrily whirling floats and Disney characters turn Main Street, U.S.A. into a Fourth of July.

Before you leave, be sure to visit the "Walt Disney Story" in the Hospitality House. In rare film footage, Walt tells his own story, from childhood to the creation of Walt Disney World, and provides insight into the philosophies of the Disney organization.

Adventureland

"It's a jungle out there," when you leave Main Street, U.S.A. and begin your safari through Adventureland. Here, you can board a launch for a "Jungle Cruise" through untamed lands and waterways where elephants, hippos, tigers and snakes threaten at every bend.



1. Cinderella Castle interior.
2. The Crystal Palace Restaurant, Main Street, U.S.A.
3. Adventureland's Jungle Cruise.
4. Frontierland's Big Thunder Mountain Railroad.
5. Adventureland's Pirates of the Caribbean.

Back on dry ground, you encounter the enchantment of the South Seas as birds, flowers and tiki gods gather for a "Tropical Serenade."

Next comes your true test of courage when you sail into the midst of "Pirates of the Caribbean" raucously rejoicing their rampage.

Frontierland

The sounds of steamboat whistles, strumming banjos and country tunes fill the street while two rootin'-tootin' stage shows — the rollicking Diamond Horseshoe Revue and the hilarious Country Bear Jamboree — keep things lively inside. Hardy pioneers and true thrill-seekers can challenge Big Thunder Mountain Railroad. During your journey on the "runaway" mine train, you'll encounter swarming bats, a thundering waterfall, an underground earthquake and avalanche.

Liberty Square

When Abraham Lincoln rises from his stage chair to speak, all the presidents of the United States listen. Uncannily lifelike, the Audio-Animatronics re-creations of every chief executive from Washington to Reagan appear in the dramatic show presented in the Hall of Presidents.

Elsewhere in Liberty Square, spirits of another sort fill the stone-faced Haunted Mansion. The apparitions who have taken up housekeeping in the old estate on the hill are 999 of the happiest and most mischievous spirits in the World.

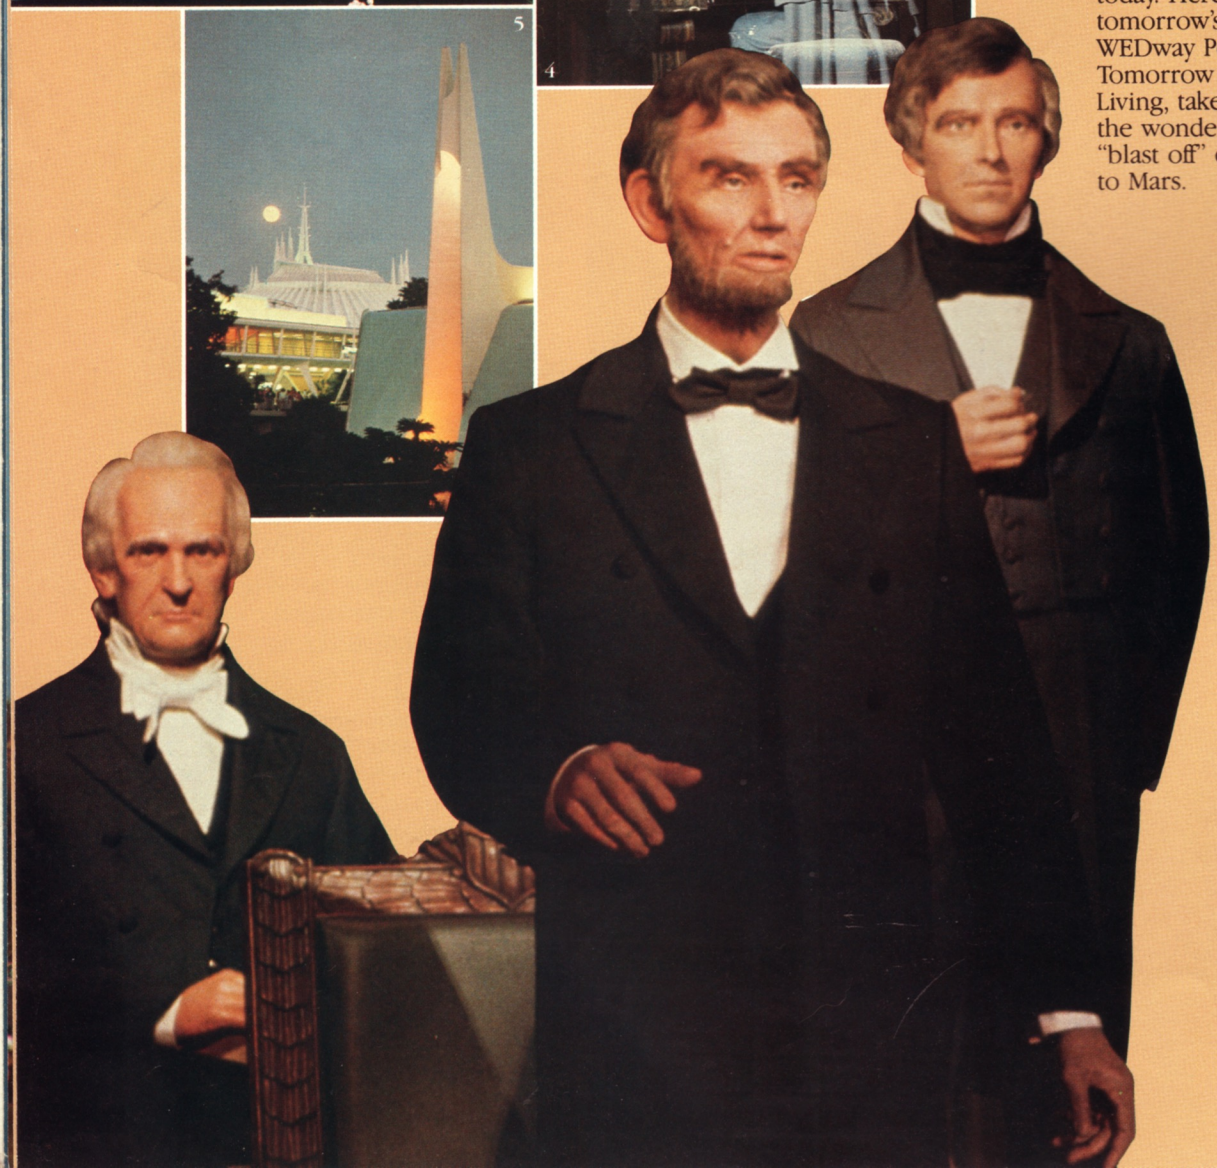
Fantasyland

Standing at the heart of the Magic Kingdom, the golden-spired Cinderella Castle is your gateway to Fantasyland. Set within the castle grounds, Fantasyland is a timeless land of enchantment, dedicated to those who believe that "When you wish upon a star, your dreams come true."

Here, you'll find flying elephants, twirling teacups and a glittering carrousel whose noble steeds carry you off to worlds of make-believe. At a tropical lagoon Nautilus-styled submarines take you to "20,000 Leagues Under The Sea." Or join the children of the world on the happiest cruise that ever sailed in "It's A Small World, After All."

Tomorrowland

Aboard the Fantasyland Skyway, you can glide above the Magic Kingdom into Tomorrowland, where the adventures of the future await you today. Here, you can preview tomorrow's transportation aboard the WEDway PeopleMover, visit the City of Tomorrow and the Home of Future Living, take a free-falling race through the wonders of Space Mountain and "blast off" on a fact-filled Mission to Mars.



1. Skyway to Tomorrowland.

Seminars

Leisure activities are only part of the Walt Disney World Vacation Kingdom. The physical and human resources both "onstage" and "behind the scenes," constitute a tremendous "living laboratory" for learning.

Over the past several years, Walt Disney World, in cooperation with leading educators, has been developing programs to "turn on" these resources for audiences that range from a class of fifth graders to a board of directors.

The seminars and workshops, which may be as short as an hour or as long as a week, cover as broad a spectrum as Walt Disney World itself. They may involve gourmet cooking with a Disney chef. A backstage look at Disney's experimental energy production projects. A horticultural tour of the landscapes of Walt Disney World. Even a chance to learn how Disney "Imagineers" go from concept to final installation of a major attraction.

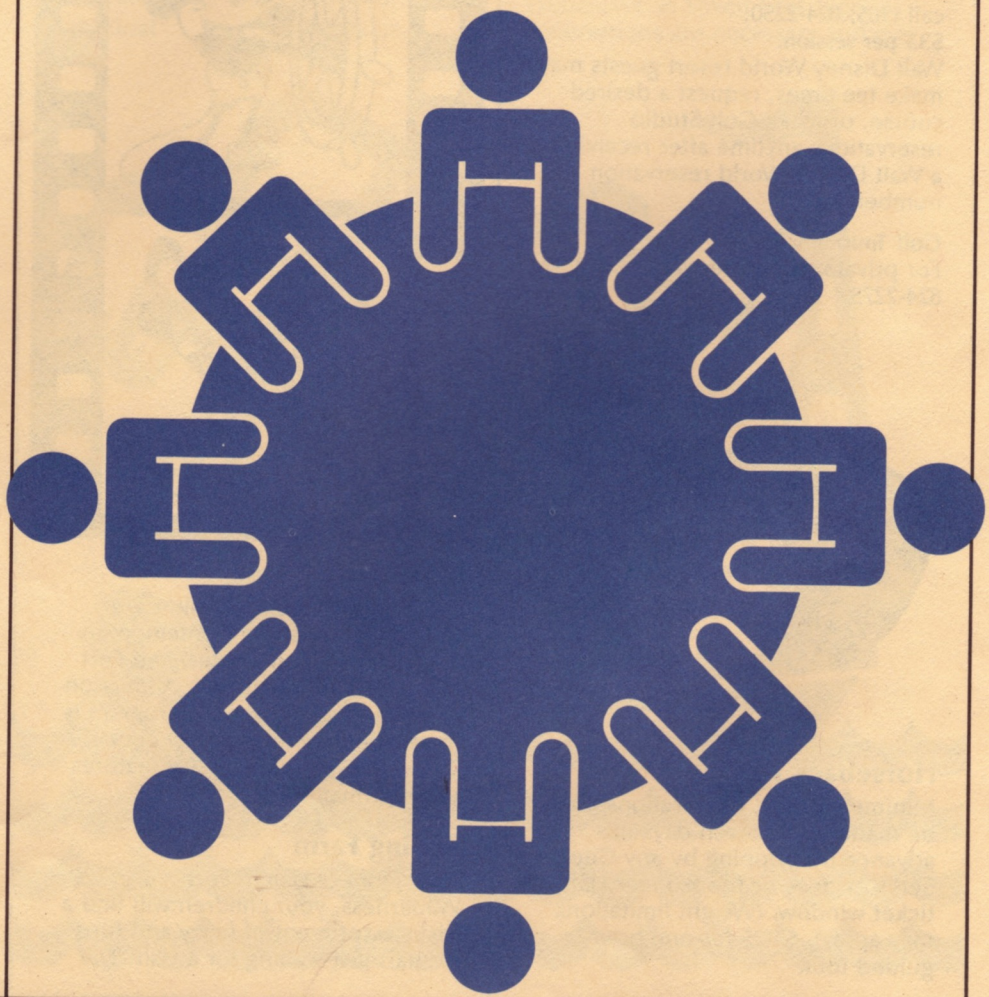
For more information on the programs, contact the Seminar Productions Department, Walt Disney World, P.O. Box 40, Lake Buena Vista, Florida 32830.

Educational Programs for Young People: "Wonders of Walt Disney World"

"Wonders of Walt Disney World" was developed to use those resources to excite young people about learning.

"Wonders of Walt Disney World" is a nationally recognized educational program, now available to guests ages 10-15. Young people select one program per visit ... entertainment, creative arts, ecology, or energy.

Each program is accompanied by two Disney-illustrated books of interesting ideas and creative learning activities. Guests submitting a paid registration 35 days in advance receive the first book by mail and begin their Disney experiences at home. This "pre-trip" book encourages young people to explore the resources of their own world in preparation for their Walt Disney World visit.



A Unique Look Backstage

At the Walt Disney World Vacation Kingdom, young people participate in a 6½-hour field trip through onstage and backstage areas. They visit with Disney artists, environmentalists, engineers, and performers behind the scenes. They see ideas from their books as working solutions to the practical, everyday challenges of operating Walt Disney World Co. The second book, presented at the end of the day's activities, contains suggestions for putting new ideas and interests into practice.

Schools, Industry, and Parents Working Together

Each course has been tested and proven to be very successful with teachers, parents, school administrators, and young people. More than 14,000 young people have already participated, and they tell us learning has never been more fun! State and local superintendents and commissioners of education from across the country have given approval to the program concepts and support its educational value.

Many schools award credit to program participants, enabling families to take an off-season vacation without disrupting learning.

Enrolling in "Wonders of Walt Disney World"

Programs are conducted daily, except Sundays and holidays. Cost for each program per person is $45 and includes both books, the 6½-hour field trip (including lunch), all program materials and the use of a camera and film.

For additional registration materials and more information, write "Wonders of Walt Disney World," P.O. Box 40, Lake Buena Vista, Florida 32830. Or call (305) 828-2405. Or complete the attached registration form and enclose a check for $45 per participant.

If you must cancel . . .

A full refund is available if the pre-trip book package is returned to us unopened. If you must cancel after the book package has been opened, we will try to reschedule for an alternate date. If rescheduling is not possible, we will send you the second book normally included in the program and a refund of $21.50 will be made.

WHERE IN THE WORLD TO STAY

Located within the bounds of a World brimming with vacation excitement, Walt Disney World resort accommodations are as varied as the lands of the Magic Kingdom. Whether you prefer a themed hotel, a wilderness campsite, or a private villa, you'll find what you're looking for in the Walt Disney World Vacation Kingdom.

The **Contemporary Resort** rises majestically from the shores of Bay Lake. With sleek monorails running silently through the center of the A-framed tower building, the Contemporary Resort is a unique headquarters for visitors who dream of what a vacation of the future might encompass.

The **Polynesian Village Resort** set along the shores of the Seven Seas Lagoon, is a tropical "world of enchantment," filled with the atmosphere, charm and romance of the South Pacific. Hidden among palm trees are nine guest "longhouses," each named after a primary culture of Polynesia. In the center of the resort is the Great Ceremonial House, an expansive building housing a number of shops and restaurants overlooking an indoor miniature rain forest.

The **Walt Disney World Golf Resort** lies nestled amid the rolling greens and sparkling lakes of the championship Palm and Magnolia courses. The Golf Resort offers golfers and golf fans alike a complete vacation along with excellent accommodations.

Fort Wilderness Campground Resort promises an unforgettable experience among stately stands of cypress and pine, winding streams and a white ribbon of beach on a sparkling lake. More than 800 campsites, many with fully-equipped trailers, lie scattered throughout native Florida foliage which provides each site with enough screening to preserve the feeling of pristine wilderness.

More Walt Disney World accommodations lie tucked away in the Walt Disney World Village resort area at Lake Buena Vista. Just minutes from the Magic Kingdom lies the ultimate vacation lifestyle — your own private Treehouse, Vacation, Fairway or Club Lake Villa.

In the woods bordering the Lake Buena Vista golf course, the two-bedroom **Treehouses** are unusual treetop retreats. Larger families and groups find that the spacious one-and two-bedroom **Vacation Villas** provide plenty of room along with a picturesque view of either Buena Vista Lagoon or the Lake Buena Vista golf course. The handsome **Fairway Villas** combine energy- saving design and an ideal location along the manicured links of the Lake Buena Vista Club course. All come equipped with a full kitchen. The **Club Lake Villas,** with vaulted ceilings and skylights, feature a wet bar and refrigerator.

Walt Disney World resort guests are also entitled to special-value Epcot Center and Magic Kingdom passports, plus unlimited use of a unique transportation system which connects with all points within the Vacation Kingdom.

In addition to resort villas, Walt Disney World Village hosts the six excellent high-rise hotels that comprise the **Walt Disney World Village Hotel Plaza.** The Hotel Royal Plaza, Viscount Hotel, Howard Johnson's Resort, Americana Dutch Resort, Buena Vista Palace and The Hilton all offer superb accommodations and amenities — with all the shopping, dining, entertainment and special charm of a shopping village just a short stroll away.

THE CONVENTION KINGDOM

Whoever said that work and play don't mix obviously has never enjoyed the magic of a Walt Disney World convention or conference. In addition to the expansive facilities of the Contemporary Resort Hotel, the Walt Disney World Conference Center, which accommodates up to 500 people, offers one of the most innovative meeting environments anywhere. Small wonder that readers of *Meetings and Conventions* magazine continue to rate Walt Disney World as one of the nation's top meeting centers. Of course, a Walt Disney World convention makes a marvelous family vacation, too!

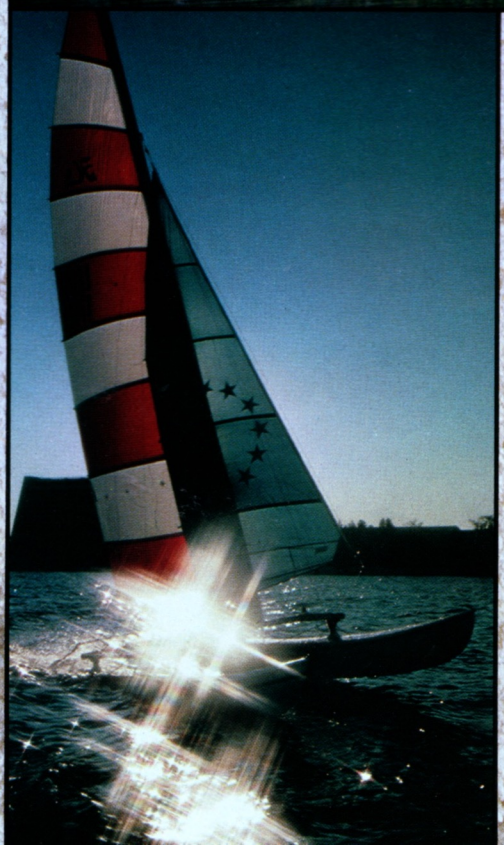
PLAY-GROUNDS OF THE WORLD



Gift-wrapped in warm, golden sunshine, the Walt Disney World Vacation Kingdom is the perfect year-round playground for outdoor fun. Offering an abundance of sporting pastimes, the Vacation Kingdom is designed to help you make the most of all that Florida sun.

For the vacationing sailor, who fancies the sky above and the sea below, there is a variety of watercraft available and 650 acres of sun-spangled lakes and lagoons on which to navigate. Race the wind on a sailboat, zip across the water in a mini-speedboat, or canoe along miles of meandering streams. Water sports also include water-skiing and, of course, swimming in the resort hotel pools or the crystal clear lakes.

For tennis enthusiasts, there are 11 lighted tennis courts within the Vacation Kingdom. Group development sessions provide an overall review of the basic strokes, while the use of videotape equipment supplements

professional instruction. All players have access to two teaching/practice lanes equipped with automatic ball machines.

Three magnificent 18-hole golf courses await pro and duffer alike. Play the Palm and Magnolia courses at the Golf Resort or the Lake Buena Vista Club course located in the Walt Disney World Village resort area. Featuring lakes and wooded areas designed to enhance their beauty and challenge, these courses are sites of the annual Walt Disney World Golf Classic.

If some professional assistance could improve your game, you'll want to sign up for the Walt Disney World Golf Studios at the Golf Resort and the Lake Buena Vista Club. The Studio emphasizes correcting and improving each golfer's own individual style of play.

At the Fort Wilderness Resort, you'll find an outdoor recreational haven. Besides enjoying water sports, you can rent bicycles, hike along nature trails, fish, or play volleyball and tetherball. There is also a horseback riding trail. For exercise buffs, there is a two-mile jogging/exercise trail following wooded paths. Chartered fishing excursions take you on winding waterways throughout the natural woodlands.

River Country

Cut from the sandy shores of Bay Lake in Fort Wilderness, is River Country — an old-fashioned swimmin' hole where you can ride, slide and splash into the water in umpteen different ways. Take a rib-tickling glide down a spiraling 260-foot slide. Sail through the air on a rope swing. Navigate a tube down winding rapids. Or just soak up some sun on the beach. You can enjoy a whole day of water adventures, all for one River Country admission ticket.

Discovery Island

Just across from Fort Wilderness, you'll find Discovery Island, one of the country's most beautiful certified zoological parks. Set like a jewel in the center of Bay Lake, Discovery Island provides sanctuary for such wildlife as African cranes, scarlet ibis, and other rare and exotic birds. Explore the splendid landscape of a gigantic walk-through aviary, visit with our resident slowpokes, the Galapagos tortoises, and don't miss the comic antics of the tropical clowns, cockatoos and macaws.

Discovery Island is a tropical paradise where everyone should be shipwrecked for a while.

Walt Disney World Village

For a truly unforgettable afternoon or evening, visit Walt Disney World Village. The Village blends a picturesque setting, a collection of shops and restaurants, and a variety of entertainment into an unprecedented adventure.

Stroll through more than 25 shops clustered around Buena Vista Lagoon. Each shop is a new experience holding treasure-troves of fashions, home and garden decorator items, arts and crafts. Handmade crystal and damascene are just two examples of the one-of-a-kind merchandise featured from all over the world.

For hungry visitors, the Village also offers delectable dining opportunities from palm-stretching sandwiches to full gourmet dinners. Enjoy frozen strawberry Margaritas and raw oysters, or dine in elegance aboard the Empress Lilly riverboat restaurant.

The Village is also the place where music lovers can enjoy top-name jazz entertainment in the cozy, living room atmosphere of the Village Lounge.

Eye-catching merchandise, taste-tempting treats, and lively evening entertainment,–Walt Disney World Village is another magic corner of the World.

1. Dining delights can be found in every corner of the World.
2. The Empress Room aboard the Empress Lilly Riverboat.

3. Dining in World Showcase at Epcot Center.

4. Top of the World at Contemporary Resort Hotel.

DINING AROUND THE WORLD

In every area of Walt Disney World — from the hotels, Fort Wilderness and Walt Disney World Village to Epcot Center and the Magic Kingdom — you'll find dining adventures covering the entire culinary spectrum — from cheeseburgers and omelets to bouillabaisse and Steak Diane Flambé.

If you'd like a healthy portion of entertainment along with your entree, then you're sure to savor any number of dinner shows. Every evening, the Polynesian Village Resort serves up an island-style luau, along with performances of the colorful "Polynesian Revue." Meanwhile, at Fort Wilderness Resort, the high-kickin', hand-clappin' "Hoop-Dee-Doo Musical Revue" raises the rafters of Pioneer Hall as hungry families chow down on home-cooked vittles like fried chicken and barbecued ribs. Or, if you'd prefer an evening of fine dining, dancing and the sensational sounds of Broadway, the Top of the World supper club at the Contemporary Resort Hotel presents a rousing salute to the American musical theatre.

Walt Disney World Village poses many delectable dining decisions as well. A prime choice of afternoon and evening shoppers is the Village Restaurant. While lunchtime diners are tempted by such unusual entrees as Crab and Artichoke Omelettes, evening guests are drawn to the sumptuous fragrance of New Orleans Bouillabaisse and the sizzle of steaks cooked on an open hearth. No evening at the Village would be complete without taking in one of the nationally-known jazz acts in the adjacent Village Lounge.

The Empress Lilly riverboat offers the most elegant dining in the Village. An authentic re-creation of an 1880s Mississippi sternwheeler, the Empress Lilly houses a steak and a seafood restaurant, small Victorian lounges and the Empress Room, where you can dine amidst Louis XV splendor. After dinner, enjoy the lilting sounds of a harp or classical guitar in the exquisite Empress Lounge or the rhythmic good time tunes of the entertainment in the Baton Rouge Lounge.

Not far from the Empress Lilly is a gourmet adventure set within a splendid country club. It's the Lake Buena Vista Club, where you're already a member. Here, dinner means fine wines, Continental entrees like Carnard à l'Orange or Chateaubriand Bouquetiere, and, of course, an intimate candlelit atmosphere.

With the opening of Epcot Center comes a veritable United Nations of dining experiences. Dine at Les Chefs de France in World Showcase and savor such gastronomic masterpieces as Filet de "Snapper" Champs Elysees or Boeuf au Vin de Bourgogne by superstar chefs Paul Bocuse, Roger Vergé and Gaston Lenôtre. Or dine as the Romans do — at L'Originale Alfredo Di Roma, where singing waiters serve among other epicurean delights the Maestro's own Fettucine All'Alfredo.

In Mexico you'll enjoy the famed cuisine of Mexico City's incomparable San Angel Inn, including such intriguing "Especialidades" as a festive chicken dish simmered with more than 20 Mexican spices. In Japan's Mitsukoshi Restaurant, you'll watch Japanese master chefs prepare shrimp, steak or chicken entrees in the traditional teppan style. And at the rotating Good Turn Restaurant in the Future World Land pavilion, you'll feast on regional American dishes including New England scallops, Alaskan salmon or Midwestern prime rib. These are just five of the more than dozen outstanding restaurants that Epcot Center adds to your Walt Disney World vacation.
